This case arises out of the construction of the San Francisco Federal Building. Since the
complaint was filed, the parties have discussed how to resolve the issues between them arising out
of the Project, and these discussions continue. On July 16, 2008, this Court entered a stipulated

management dates by 60 days so that the parties could conduct a review and investigation. That

2 than anticipated and remains underway. Accordingly, the parties desire to further continue the
3 various case management deadlines that have been established by another 75 days.

4 In particular, the parties stipulate and agree that the following case schedule should be
5 established:
